

Cabernet 2011, Intense Grape Energy

Deep and intense color and perfume announce its richness and concentrated flavour in the mouth.

This Cabernet was produced in a wonderful dry and sunny year (2011) when the grapes had an extraordinary maturation.

Some notes

100% Cabernet Franc, that has normally more “green” notes but also is more powerful than the Cabernet Sauvignon.

VINEYARD: 20 years old with a production of 65 hl/ha.

VINIFICATION AND AGING: perlonged maceration, 40 months aging in big tanks of cement. As the oak wasn't used in the aging, you can feel all the aromas coming from grape without “interference” of the oak.

To drink with

Aged cheese or red meat: whatever it is, we advise something “intense” in flavor. The tannins are now still a bit green but they are becoming smoother with the passing of time: so this is a wine that you can also keep in your cellar for some years for aging, even if it is also good to drink now if you pair it with the right food.

Azienda Agricola Salvan - Vigne del Pigozzo
Via Mincana, 143 - Due Carrare (Padova) Italy
